Finding True JOY!

We live in a world filled with uncertainty, economic collapse, and frequent trials and troubles. There is only one thing that never changes and that will help you weather even the most violent storms that life can throw your way — that is where TRUE JOY and happiness are found.

At the age of four, Joshua Goodling was diagnosed with terminal cancer. The doctors gave him a week to live and said his chances of survival were zero! That was 40 years ago! Joshua survived, but has had to deal daily with the problems and troubles a life touched by terminal cancer leave behind. When he speaks on Overcoming Difficulties, Making a Difference, and Finding True JOY— he's not just giving opinions. He's been there!

What Joshua has to say about Finding True JOY will give you hope and inspire you to continue on no matter what difficulties you may face. Make your plans now to attend this free seminar!
